

The **Bravo®** is a nasal-pillow style interface that comes with 3 different pillow sizes. With its close fitting reservoir and secure headgear, this light weight interface provides the patient multiple wearing options. The Bravo® contains all of the components required to properly size the patient, eliminating the hassle of opening multiple products to get the right fit.

Product Features

- Nasal Pillow at great value features a rotatable reservoir to optimize comfort and seal.
- Tubing can be worn on the chest or over the head through to its patented Active-Swivel® technology.
- Interchangeable, removable pillows can be mixed and matched to allow fitting of different pillow sizes to each nostril independently.
- Headgear has integral stability support.
- Comes in an All Sizes Kit (includes: SM, MD, and LG)
