

The **Aloha™** is a nasal-pillow style interface that comes with 3 different pillow sizes. This device is extremely lightweight and quiet, and offers an incredibly stable and comfortable seal. The Aloha™ contains all of the components required to properly size the patient, eliminating the hassle of opening multiple products to get the right fit.

## Product Features

- The ball-and-socket Elbow combined with Hi-Flex™ Tubing adapts to the most active of sleepers and accommodates various sleeping positions
- Exclusive Arced-Track™ technology allows the angle of the Pillow Reservoir to be adjusted for a more customized and natural fit
- Reinforced Headgear offers advantages over other headgears such as:
  - ◆ Over-the-Head strap can be worn in two different positions
  - ◆ Tubing Holder Ring allows for securing the tubing where you want it, such as over the head
  - ◆ Does not have uncomfortable “cheek flaps” or “non-breathing” silicone straps
  - ◆ Comes standard with Comfort Wraps™
