# Quickie 2 Family

improving people's lives

You drive our design. In development, we consider how you interact with the chair and how both can work as one to maintain maximum efficiency, performance, style and fit. Before you receive the chair, the product undergoes rigorous testing in addition to the required testing necessary for federal guidelines. Through our focus on these core elements: design, development and QUICKIE<sup>®</sup> 2 Lite

testing; we design these chairs for you and by you.

## QUICKIE **7** Fit

**Modular Design** 

• Simplified, interchangeable components and frames

#### **Q-Fit<sup>™</sup> Technology**:

- · Rigidity and performance for the life of the product
- Reduced noise in armrests and side guards providing a notably quieter ride
